

LIST OF PAPERS BY THE MEMBERS OF THE CENTER
(NOV. 1969 - OCT. 1970)

Okamoto, S., Kato, K. and Tamura, C., "Earthquake Response of Fill Type Dam," Proc. of 3 J.E.E. Symposium--, 1970

Tamura, C., Okamoto, S. and Kato, K., "Model Tests on Vibratic Failure of the Rock-Fill Dam," Proc. of 3 J.E.E. --, 1970

Okamoto, S. and Tamura, C., "Stability of Rock-Fill dams-- especially the stability during earthquakes, No.53, Large Dams," Journal of the Japanese National Committee on Large Dams, 1970--9

Okamoto, S., Kato, K. and Ono, K., "Dynamic Model Tests of Arch Dam using Electromagnetic Exciting Method," No.173, 1970--1.

Okamoto, S. and Tanuma, T., "Investigation of Recent Seismic Activity of the Pacific Coast of South-West Japan," No.4, Vol.22, Seisan Kenkyu

Okada, T., Udagawa, K., Osawa, Y., Tanaka, H. and others, "Analysis of the Hachinohe Library Damaged by '68 Tokachi-oki Earthquake," Trans. of AIJ, No.167, Jan. 1970

Okada, T., Udagawa, K., Osawa, Y., Tanaka, H. and others, "Analysis of the Hachinohe City Office Damaged by '68 Tokachi-oki Earthquake," Trans. of AIJ, No.169, March 1970

Okada, T. and Itoh, H., "Load-deformation Characteristics of Reinforced Concrete Columns subjected to Eccentric Axial Load Alternated in Various Directions," Proc. of The Annual Meeting of AIJ, Sept. 1970

- * Kubo, K., "Aseismic Design and Structural Damping," COLUMN, June 1970
- * Kubo, K., "Disaster Prevention for Civil Engineering Structures," Chap. 1, (Ed. Okamoto S.), Published by Kyoritsu-Shuppan Co., May 1970

- * Yoshida, Y., "Finite Element Formulations for Plate Bending Analysis," SEISAN-KENKYU, Vol.22, No.1, Jan. 1970
 - * Tanaka, H. and Shigenobu, T., "Limit Analysis of Beam-Column Connections (VII), (Connections of wide-flange beam to box-column subjected to bending and thrust)," Trans. of AIJ, No.165, Nov. and No.166, Dec. 1969
 - * Tanaka, H. and Lin, Y. C., "Limit Analysis of Beam-Column Connections (VIII), (Cruciform connections of wide-flange members subjected to strong-axis bending and thrust on column," Trans. of AIJ, No.167, Jan. and No.168, Feb. 1970
 - * Tanaka, H. Fukushima, A., Lin, Y. C. and Shigenobu, T., "Limit Analysis of Beam-Column Connections (IX), (Experimental verification)," Trans. of AIJ, No.170, April 1970
 - * Tanaka, H., Lin, Y. C. and Fukushima, A., "Limit Analysis of Beam-Column Connections (X), (Design method of H-beam to H-Column Connection)," Trans. of AIJ, No.173, July 1970
 - * Tanaka, H. and Shigenobu, T., "Limit Analysis of Beam-Column Connections (XI), (Design method of H-beam to Box-column Connection)," Trans. of AIJ, No.174, Aug. 1970
 - * Tanaka, H., Suenaga, Y., Fukushima, A., Shigenobu, T. and Yamada, T., "Experimental Research on Reinforce Method of Cruciform Connections consisting of Box-Column and Wide-flange Beam," Trans. of AIJ, No.176, Oct. 1970
- Tsuboi, Y. and Tosaka, N., "Nonlinear Theory of Thin Elastic Shells -- Fundamental Equation and Constitutive Equation of Thin Elastic Shells," Japan-U.S. Seminar on Earthquake Engineering with Emphasis on Safety of School Buildings, Sep. 21-26, 1970, Sendai, Japan
- Tsuboi, Y. and Itoh, K., "Eigenvalue Problem of Thin Elastic Shells," Japan-U.S. Seminar on Earthquake Engineering with Emphasis on Safety of School Buildings, Sep. 21-26, 1970, Sendai, Japan
- * Kawamata, S. and Endo, A., "Stress Analysis of Wall Frames by Finite Element Method," Trans. of AIJ, Annual Meeting of AIJ, Oct. 1970, Tokyo, Japan

* Tsuboi, Y., Kawamata, S., Hangai, Y., Yoneda, M., Kanai, Y., Endo, A. and Takayama, M., "Model Failure Tests of Prestressed Concrete Pressure Vessel," Trans. of AIJ, Annual Meeting of AIJ, Oct. 1970, Tokyo, Japan

* Takanashi, K., "Plastic Behavior of Compressive Flange Plates of Wide-Flange Shapes," Preprint of the Symposium on the Ultimate Strength of Structures and Structural Elements, IABSE, Dec. 1969

Takanashi, K., "Plastic Buckling and Post-Buckling Behaviors of Steel Plates," Report of the Institute of Industrial Science, University of Tokyo, Vol. 20, No. 4, Oct. 1970

Shimizu, Nobuyuki, "Fluctuations of Response Spectra --- Theoretical Evaluation on the Effect of the Earthquake Duration," SEISAN-KENKYU, Vol. 21, No. 11, Nov. 1969

* Otuki, Shigeru and Saito, Tosio, "Comparison of Numerical Analysis by DYNAPS to Experimental Stress Distributions of Z-type Beam," SEISAN-KENKYU, Vol. 21, No. 12, Dec. 1969

Miyamoto, Masayuki and Shibata, Heki, "The Analysis of a Wave Equation Possessing a Randomly Distributed Parameter --- the Step Response and Its Stochastic Characteristics," Bull. of JSME, Vol. 12, No. 54, Dec. 1969

* Shibata, Heki, "On Vibration of Piping Systems," High Pressure Gas Technology, Vol. 7, No. 1, Jan. 1970

* Shibata, Heki, "Recent Topics on Matrix Methods for Vibration Analysis," SEISAN-KENKYU, Vol. 22, No. 1, Jan. 1970

* Shibata, Heki and Shigeta, Tatuya and Otuki, Shigeru, "Analysis of Eigen-frequencies of Dual-tube Piping Systems," Pre-print of JSME Meeting, No. 700-4, April 1970

Shimizu, Nobuyuki, "Fluctuations of Response Spectra --- Theoretical and Experimental Studies for the Nonstationary Pseudo-Earthquakes," SEISAN-KENKYU, Vol. 22, No. 4, April 1970

* Shibata, Heki, "Recent Topics of Finite Element Method and Transfer Matrix Method for Dynamic Analysis," Pre-print of IIS Seminar on Applications of FEM, June 1970

Shimizu, Nobuyuki, "Fluctuations of Response Spectra --- Theoretical Evaluations in Case that Responses and Earthquakes are Strongly Correlated," SEISAN-KENKYU, Vol.202, No.6, June 1970

Shimizu, Nobuyuki, Yamamuro, Makoto and Shibata, Heki, "A Stochastic Model for Earthquake Motions at a Specific Place --- A Trial on the Classification and Decomposition of Earthquake Records," SEISAN-KENKYU, Vol.22, No.8, Aug. 1970

- * Yamamuro, Makoto and Shibata, Heki, "Study on Damped Oscillation of Beating System," SEISAN-KENKYU, Vol.22, No.8, Aug. 1970
- * Shibata, Heki, "On Stochastic Phenomena," J. of JSME, Vol.73, No.621, Oct. 1970

Shibata, Heki and Shimizu, Nobuyuki, "Some Considerations on Response Analysis of Piping Systems to Multi-Inputs," Proc. of 3rd Japan Earthquake Engineering Symposium 1970, Nov. 1970

Shibata, Heki, "Aseismic Design of Nuclear Power Plants --- Developements of These Ten Years," Nuclear Science Abstracts of Japan, NSJ-Tr 161, Nov. 1970

Sato, H., "Response of Structure System to a Model Earthquake Motion with Two Predominant Periods," SEISAN-KENKYU, 21-11, 1969.

Sato, H., "1. General Statement of Earthquake," "3. Response Analysis," JSME 253rd Symposium, "Aseismic Design for Machine and Equipment."

Suzuki, K. and Sato, H., "On a Method to Obtain Displacement Wave Form from the Record of Earthquake Acceleration," SEISAN-KENKYU, 22-1, 1970

Sato, H., "Response of a Nonliner Structure System to a Model Earthquake Motion with Two Predominant Periods," Pre-Print of No.700-17, JSME, 1970-10

Sato, H., "A Study on the Fluctuation of Amplification Factor for That of Natural Period of the System," Preprint of No.700-4, JSME, 1970-4
