

MEETINGS OF
EARTHQUAKE RESISTANT STRUCTURE RESEARCH CENTER

April 23, 1987

Speaker : Matsutaro Seki, Senior Research Engineer,
Ohbayashi Corporation
Topic : Recent Applications of Earthquake Isolation System
to Buildings in Japan

May 21, 1987

Speaker : Janusz Murzewski, Professor,
Cracow Technical University
Topic : Evaluation of Characteristic Strength of Complex
Structural System

June 9, 1987

Speaker : Ryuji Isoyama, Manager,
Japan Engineering
Consultants Co.,LTD.
Topic : Earthquake Resistant Design of Large Caisson
Foundations

July 9, 1987

Speaker : Shigeki Morichi, Professor,
Science University of Tokyo
Topic : Experimental Study on Surface Waves

September 24, 1987

Speaker : Yutaka Toi, Associate Professor,
Institute of Industrial Science,
University of Tokyo
Topic : Experiments and Numerical Simulation of
Crushing Process of Plates and Shells

October 19, 1987

Speaker : Gary Hart, Professor,
Univ. of California, L.A.
and John Kariotis, President,
Kariotis and Associates
Topic : Prompt Report on the Los Angeles Earthquake of
1987

November 16, 1987

Speaker : Kohei Suzuki, Professor,
Tokyo Metropolitan University
Topic : Evaluation of Seismic Risk in "Kombinat" Area

December 21, 1987

Speaker : Members of ERS
Topic : Prompt Report on the East Off-Chiba Prefecture
Earthquake of 1987

January 12, 1988

Speaker : Yutaka Osawa, Professor,
Earthquake Research Institute,
University of Tokyo
Topic : From X axis to Y axis

February 25, 1988

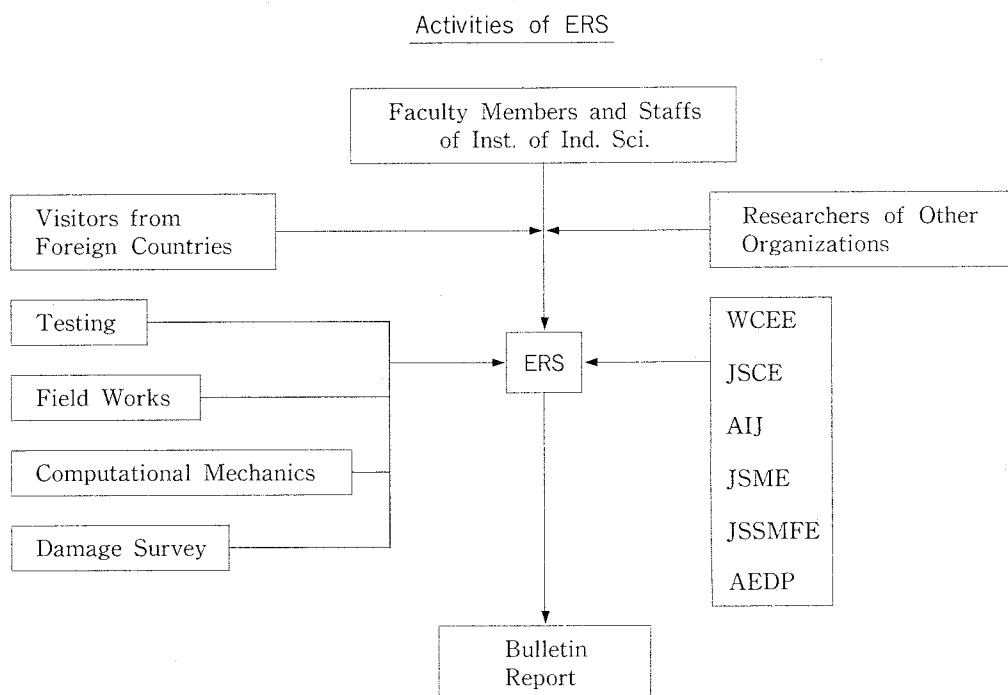

Speaker : Yasuhiko Hangai, Professor,
Institute of Industrial Science,
University of Tokyo
Topic : Analysis of Shape-Finding of Unstable
Structures

March 24, 1988

Speaker : Tong Hua-Nan, Graduate Student,
Institute of Industrial Science,
University of Tokyo
Topic : Evaluation of Ground Motion Characteristics from
Multiple-Site Records

Annual Report of the Earthquake Resistant Structure Research Center
Institute of Industrial Science
University of Tokyo
22-1, Roppongi 7 chome

Earthquake Resistant Structure Research Center (ERS) is an organization for cooperation of researchers in the various fields of structural engineering in the Institute of Industrial Science, University of Tokyo. Its activities concern with fundamentals of the earthquake resistant structure and specific items in the fields of civil, structural and mechanical engineering.

WCEE : The World Conference on Earthquake Engineering

JSCE : The Japan Society of Civil Engineers

AIJ : The Architectural Institute of Japan

JSME : The Japan Society of Mechanical Engineers

JSSMFE: Japanese Society of Soil Mechanics and Foundation Engineering

AEDP : The Association for Earthquake Disaster Prevention
