

**LIST OF PAPERS BY MEMBERS OF
EARTHQUAKE RESISTANT STRUCTURE RESEARCH CENTER**

SEISAN-KENKYU : Bimonthly Journal of the Institute of Industrial Science,
The University of Tokyo

JSCE : The Japan Society of Civil Engineers

JSME : The Japan Society of Mechanical Engineers

AIJ : The Architectural Institute of Japan

JCI : Japan Concrete Institute

JSSC : The Japan Society of Steel Construction

JGS : The Japanese Geotechnical Society

JAEE : The Japan Association for Earthquake Engineering

* : Written in Japanese

K. Kawaguchi, T. Uchida, Y. Ogi and S. Ohya: Experimental Study on Safety of Suspended Ceilings in Large Rooms, Proceedings of the International Association for Shell and Spatial Structures (IASS) Symposium, Shanghai, China, Nov. 8-12, 2010, pp. 1779-1786.

*S. OYA, K. Kawaguchi, S. Kumagai and M. Araya: Experiment of the Stability of Ceiling under Non-Perpendicular Loading, Summaries of Technical Papers of Annual Meeting, AIJ, Toyama, Japan, Sep. 2010, No. 20439, DVD-ROM, pp. 877-878.

*S. Kumagai, K. Kawaguchi, S. OYA and M. ARAYA: Loading Tests on Non-Perpendicularly Attached Metal Sheet Joints of Conventional Type Ceiling, Summaries of Technical Papers of Annual Meeting, AIJ, Toyama, Japan, Sep. 2010, No. 20440, DVD-ROM, pp. 879-880.

*T. Uchida, K. Kawaguchi, Y. Ogi and S. Ohya: Fundamental Research on the Safety Criteria of Nonstructural Components in Large Enclosures Using Human Tolerance Index Part 3: Results of the Experiments 2, Summaries of Technical Papers of Annual Meeting, AIJ, Toyama, Japan, Sep. 2010, No. 20441, DVD-ROM, pp. 881-882.

*T. Nagai and K. Kawaguchi: Evaluation of In-Plane Shear Stiffness and Its Effect on Dynamic Response of Large Suspended Ceilings, Summaries of Technical Papers of Annual Meeting, AIJ, Toyama, Japan, Sep. 2010, No. 20442, DVD-ROM, pp. 883-884.

*Y. Ozawa and K. Kawaguchi: Preliminary Study of Cable Nets Used as Prevention for Failure of Suspended Ceilings in Large Spaces, Summaries of Technical Papers of Annual Meeting, AIJ, Toyama, Japan, Sep. 2010, No. 20443, DVD-ROM, pp. 885-886.

*Y. Ogi, K. Kawaguchi, S. Oya, S. Katayama, S. Kumagai and S. Sakurai: Damage to Non-Structural Components in Large Roof Buildings Failed during the Iwate-Miyagi Nairiku Earthquake in 2008 or an Earthquake in the North Shore of Iwate Prefecture in July 24th of 2008, AIJ Journal of Technology and Design, Vol. 16, No. 33, Jun. 2010, pp. 821-826.

*S. Kumagai, K. Kawaguchi, M. Araya, S. Oya and S. Sakurai: Numerical Simulation of the Suspended Ceiling and Observed Stamp on the Wall, and Non-Perpendicularly Attached Metal Sheet Joints Failed during 2005 Miyagiken-Okai Earthquake, Journal of Structural Engineering, AIJ, Vol. 56B, Mar. 2010, pp. 389-394.

*Y. Ozawa and K. Kawaguchi: Fundamental Study of Shapes and Mechanism of Safety Nets for the Failure of Non-Structural Components, Journal of Structural Engineering, AIJ, Vol. 56B, Mar. 2010, pp. 517-520.

Kiyota, T., Koseki, J. and Sato, T.: Comparison of liquefaction-induced ground deformation between results from undrained cyclic torsional shear tests and observations from previous model tests and case studies, *Soils and Foundations*, 50 (3), 423-431, 2010.

Tatsuoka, F., Nishikiori, H., Soma, R., Hirakawa, D., Kiyota, T., Tateyama, M. and Watanabe, K.: Development of a new bridge type, GRS integral bridge, Proc. of the 9th International Conference on Geosynthetics, Brazil, 1659-1664, 2010.

S. YASUDA, K. Konagai, T. Sugano, M. Okamura, T. Tobita, "Geotechnical related damage during the 2010 Maule, Chile Earthquake," 13th Japan Earthquake Engineering Symposium, OS7-Fri-AM(OS7)-3, 1095-1102, 2010.

M. Numada and K. Konagai, "Key parameters controlling movements and deformations of landslide masses in earthquakes," 13th Japan Earthquake Engineering Symposium, GO18-Sat-AM-13, 3016-3023, 2010.

Z. A. Kazmi, K. Konagai, T. Ikeda and A. Satter, "Calibrating debris flow numerical simulation parameters for proper disaster mitigation strategy -Case study of debris flow in Muzafarabad,"

13th Japan Earthquake Engineering Symposium, GO32-Fri-PM-6, 2072-2079, 2010.

Y. Zhao, Y. Tomiyasu, and K. Konagai, "Tectonic deformation induced in the active folding zone in the 2004 Mid-Niigata Prefecture Earthquake and its correlation with landslide distribution," 13th Japan Earthquake Engineering Symposium, GO17-Sat-AM-7, 2975-2981, 2010.

A. Sattar, K. Konagai, T. Kiyota and T. Ikeda, "Post formation behavior and flood damage from partial breaching of Hattian Bala Landslide Dam," 13th Japan Earthquake Engineering Symposium, GO17-Sat-AM-8, 2982-2989, 2010.

K. Konagai, "Overview of the damage caused by the October 23, 2004, Chuetsu Earthquake and problems highlighted in rehabilitations," 13th Japan Earthquake Engineering Symposium, STS1-3, 20-24, 2010.

A. Sattar, K. Konagai, T. Kiyota, T. Ikeda and J. Johansson, Measurement of debris mass changes and assessment of the dam-break flood potential of earthquake-triggered Hattian landslide dam, Landslides, DOI: 10.1007/s10346-010-0241-9, 2010.

K. Konagai and T. Arita, "Quick report of the damage caused by the August 11th 2009 Off the Coast of Suruga Bay Earthquake," Bull., ERS, No. 43, 3-12, 2010.

F. Nomura, K. Konagai and Y. Tajima, "Extraction of geotechnical parameters from traces left in the June 14th 2008 Iwate-Miyagi Inland Earthquake," Bull., ERS, No. 43, 13-24, 2010.

Y. Zhao, Y. Tomiyasu and K. Konagai, "Shear plane found in the interior of Soil/Rock near Kizawa Tunnel," Bull., ERS, No. 43, 25-34, 2010.

T. Kiyota, K. Konagai, A. Sattar and D. Okuno, "Interpretation of breaching failure of Hattian Bala landslide dam formed by 2005 Kashmir Earthquake with experimental approach," Bull., ERS, No. 43, 35-46, 2010.

K. Konagai, I. Suetomi, S. Sawada, A. Onoue, H. Toyota, Y. Kuwata, S. Takada, K. Tamura, S. Iwata, T. Hashimoto and H. Iemura, "Important features of the damage caused by the July 16th 2007 Off-Chuetsu Earthquake," Destructive Earthquakes over the past 10 years (2000-2010), JSCE, 1-80, 2010.

K. Konagai, "Keys to interpretation of earthquake-induced landform changes for rational rehabilitations," Destructive Earthquakes over the past 10 years (2000-2010), JSCE, 2010.

Koseki, J., Hong, K., Nakajima, S., Mulmi, S., Watanabe, K. and Tateyama, M.: Negative pore air pressure generation in backfill of retaining walls during earthquakes and its effect on seismic earth pressure, *Soils and Foundations*, Vol. 50, No. 5, pp.747-755, 2010.

Koseki, J. and Kawaguchi, T.: Observation of geometrical behavior, *Soils and Foundations*, Vol. 50, No. 6, pp.847-860, 2010.

Deng, J.L. Tsutsumi, Y., Kameya, H. and Koseki, J.: A modified procedure to evaluate earthquake-induced displacement of slopes containing a weak layer, *Soils and Foundations*, Vol. 50, No.3, pp. 413-420, 2010.6

Maqbool, S. and Koseki, J.: Large scale triaxial tests to study effects of compaction energy and large cyclic loading history on shear behavior of gravel, *Soils and Foundations*, Vol. 50, No. 5, pp.633-644, 2010.

Nakajima, S., Koseki, J., Watanabe, K. and Tateyama, M.: Simplified procedure to evaluate earthquake-induced residual displacements of geosynthetic-reinforced soil retaining walls, *Soils and Foundations*, Vol. 50, No. 5, pp.659-677, 2010.

Koseki, J., Hong, K., Mulmi, S., Nakajima, S., Watanabe, K. and Tateyama, M.: Effects of negative pore air pressure in backfill soil on seismic behavior of geosynthetic-reinforced soil and conventional type retaining walls, *Proc. of 9th International Conference on Geosynthetics, Brazil*, pp. 1671-1674, 2010.

Kachi, T., Kobayashi, M., Seki, M. and Koseki, J.: Evaluation tests of ballasted track reinforced with geosynthetic bags, *Proc. of 9th International Conference on Geosynthetics, Brazil*, pp. 1499-1502, 2010.

Mikami, T., Koseki, J., Sato, T. and Yajima, C.: Effects of geogrids on compaction of granular materials made from recycled glass bottles in backfilling works, *Proc. of 9th International Conference on Geosynthetics, Brazil*, pp. 1413-1416, 2010.

Nakajima S., Koseki, J., Watanabe, K. and Tateyama, M.: Development of a procedure to evaluate earthquake induced residual displacements of geosynthetic reinforced soil retaining walls, Proc. of 9th International Conference on Geosynthetics, Brazil, pp. 1727-1730, 2010.

Deng, J.L. Kameya, H., Tsutsumi, Y., Koseki, J. and Kuwano, J.: Simple shear tests on unsaturated undisturbed specimens containing a weak layer, *Unsaturated Soils*, Alonso & Gens (eds.), CRC Press, Vol. 1, pp.235-240, 2010.

Deng, J.L. Tsutsumi, Y., Kameya, H., Kuwano, J. and Koseki, J.: Evaluation of earthquake-induced displacement of slopes considering reduction in mobilized friction angle and irregular geometry of the sliding plane, 4th Japan-China Geotechnical Symposium, Okinawa, pp. 528-533, 2010.

Koseki, J.: Use of geosynthetics to improve seismic performance of earth structures, Proc. of 6th International Congress on Environmental Geotechnics, pp.197-220, 2010.

Koseki, J., Tanaka, H., Otshushi, K., Nagao, N. and Kaneko, M.: Model tests on levees reinforced with sheet piles under high water conditions with/without seismic loading history, Proc. of 3rd Korea-Japan Geotechnical Engineering Workshop, pp. 49-54, 2010.

Araki, H., Lee, J., Sato, T., Namikawa, T. and Koseki, J.: Mechanical properties and seismic behavior of soil walls using rammed earth technique, Proc. of 9th International Symposium on New Technologies for Urban Safeties of Mega Cities in Asia, CD-ROM, 2010.

Kuwano,R., Sato,M. and Sera,R.: Study on the detection of underground cavity and ground loosening for the prevention of ground cave-in accident, *Japanese Geotechnical Journal*, Vol.5, No.2, pp.219-229, 2010.*

Kuwano,R., Horii,T., Yamauchi,K. and Kohashi,H.: Formation of subsurface cavity and loosening due to defected sewer pipe, *Japanese Geotechnical Journal*, Vol.5, No.2, pp.349-361, 2010.*

Tsutsumi,Y., Sato,M and Kuwano,R.: Effect of Particle Size on Local Deformation Characteristics of Model Ground with Cavity and Loosening, Proceedings of the 4th Japan-China Geotechnical Symposium, Okinawa Japan, pp.116-121, 2010.

Kuwano,R. and Kohata,Y.: An Investigation on Ground Cave-in in Old Land Fill", Proceedings of the 4th Japan-China Geotechnical Symposium, Okinawa Japan, pp.274-277, 2010.

Mori,H., Saito,Y., Soga,K. Kuwano,R. and Sasaki,T.: The SPH method to simulate the model test of a sandy river levee on seepage induced failures, Proc. of 5th International SPHERIC SPH Workshop, June 2010, Manchester.

Sato,M. and Kuwano,R.: Model Tests for the Evaluation of Formation and Expansion of a Cavity in the ground, Proc. of 7th International Conference on Physical Modelling in Geotechnics, 2010 June, Switzerland, pp.581-586.

Tsutsumi,Y., Kuwano,R. and Sato,M: Local Deformation Characteristics of Model Ground with Cavity and Loosening, Proc. of 7th International Conference on Physical Modelling in Geotechnics, 2010 June, Switzerland, pp.587-592.

Ko,D.H. and Kuwano,R.: Model tests on behavior of double-layered pipe in large soil chamber under cyclic loading", Proc. of 7th International Conference on Physical Modelling in Geotechnics, 2010 June, Switzerland, pp.625-632.

Kuwano,R. and Kohata,Y.: A Case Study of Ground Cave-in Due to Subsurface Erosion in Old Land Fill, Proceedings of the 3rd Korea-Japan Geotechnical Engineering Workshop -Current Geotechnical issues in Easten Asia, September 2010, Ansan, Korea, pp.113-116.

Kuwano,R. and Ebizuka,H.: Trapdoor tests for the evaluation of earth pressure acting on a buried structure in an embankment, Proc. 9th International symposium on new technologies for urban safety of mega cities in Asia, USMCA, Kobe, October 2010, CD-ROM.

Hosoo,M. and Kuwano,R.: Effects of nutrient concentration on microbial cementation in Toyoura sand, Proc. 9th International symposium on new technologies for urban safety of mega cities in Asia, USMCA, Kobe, October 2010, CD-ROM.

Sato,M. and Kuwano,R.: Fundamental study of permeability change around buried structures in sandy ground, Proc. 9th International symposium on new technologies for urban safety of mega cities in Asia, USMCA, Kobe, October 2010, CD-ROM.

Kimiro MEGURO, Miho OHARA, and Muneyoshi NUMADA: DEVELOPMENT OF IT SYSTEMS FOR EFFICIENT DISASTER/CRISIS MANAGEMENT -IT DISASTER MANUAL AND IT TRIAGE SYSTEM-, Proceedings of Global Forum of Crisis Management and Crisis Communication for Health Care, -Lesson From the Past Episodes of Patient Safety, Infectious Disease and Disaster Around the World-, 2pages, 2010.11.

Kimiro MEGURO and Naoki SORIMACHI: Promotion systems for PP-band retrofitting of weak masonry houses in developing countries, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in Asia, pp. 39-48, Kobe, 2010.10.

Muneyoshi NUMADA, Kenji OHTA, Akio KOBAYASHI, Takahiro KOMATSU, Kimiro MEGURO: Development of a simple system for measuring vibration using smart phone application and its evaluation by shaking table, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in Asia, pp. 63-72, Kobe, 2010.10.

Yu TAKANO and Kimiro MEGURO: A study on the decrease in tourism to affected regions after natural disasters, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in Asia, pp. 179-188, Kobe, 2010.10.

Rahman HIDAYAT, Kimiro MEGURO, Srikantha HERATH: Analyzing coastal community resilience to earthquake-tsunamis with focus on arrangement of evacuation route and shelter building, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in Asia, pp. 199-209, Kobe, 2010.10.

Navaratnarajah SATHIPARAN and Kimiro MEGURO: Seismic behavior of ¼ scale unreinforced masonry house models retrofitted by PP-band meshes, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in Asia, pp. 289-300, Kobe, 2010.10.

Akiyuki KAWASAKI and Kimiro MEGURO: Emerging web and geospatial technology revolutionizes disaster response with public involvement, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in Asia, pp. 327-338, Kobe, 2010.10.

Kimiro MEGURO: Preface, New Technologies for Urban Safety of Mega Cities in Asia, Proc. of the 9th International Symposium on New Technologies for urban Safety of Mega Cities in

Asia, 2pages, Kobe, 2010.10.

Sathiparan N., Mayorca P., and Meguro K.: “Experimental Study On Dynamic Behavior Of Timber Roof Masonry House Models Retrofitted By PP-band Meshes”, Proc. of the 9th US National and 10th Canadian Conference on Earthquake Engineering, CD-ROM, 25-29, Toronto, Canada, July 2010

Sathiparan N., and Meguro K.: “Study on Seismic Performance of Low Earthquake Resistant Masonry Buildings Retrofitted by PP-band Mesh”, Proc. of the The 13th Japan Earthquake Engineering, Symposium, CD-ROM, 18-20, Japan, Nov 2010.

Kotaro SAKURAI, Navaratnarajah SATHIPARA and Kimiro MEGURO: “Experimental Study of In-plane and Out-Plane Behavior of PP-band Retrofitted Masonry Wall Made of Shapeless Stones”, Bulletin of Earthquake Resistant Structure Research Center, No.43, pp.67-76, March 2010.

Shahid NAZIR, Navaratnarajah SATHIPARA, Muneyoshi NUMADA and Kimiro MEGURO: “Experimental Study of Seismic Behavior of Scaled Non-engineered Masonry Structures Retrofitted by PP-band Mesh”, Bulletin of Earthquake Resistant Structure Research center, No.43, pp.77-84, March 2010.

Navaratnarajah SATHIPARA, Paola MAYORCA, and Kimiro MEGURO: “Seismic Study of 1/4 Scale Unreinforced Adobe Masonry Models Retrofitted with PP-band Meshes”, Bulletin of Earthquake Resistant Structure Research Center, No.43, pp.85-94, March 2010.

Muneyoshi NUMADA, Miho OHARA, Kimiro MEGURO and Kiyoshi TAKANO: “Seismic Response Observed at the IIS Earthquake Center during the 11 August 2009 Suruga Bay Earthquake”, Bulletin of Earthquake Resistant Structure Research Center, No.43, pp.95-102, March 2010.

Naoki SORIMACHI and Kimiro MEGURO: “Study of Promotion of System for PP-band Retrofitting of Non-Engineered Masonry Houses”, Bulletin of Earthquake Resistant Structure Research Center, No.43, pp.115-124, March 2010.

Mariko ABE, Kimiro MEGURO and Mari YOKOYA: “Disaster Imagination Workshop for Nursery School Leaders”, Bulletin of Earthquake Resistant Structure Research Center, No.43,

pp.125-132, March 2010.

Miho OHHARA, Yasuhiko JIBIKI, Naoya SEKIYA, Tetsutaro SUMI, Kimiro MEGURO and Atsushi TANAKA: “Survey on Residents” response to Earthquake Early Warning during The 2008 Iwate-Miyagi Inland Earthquake in Japan”, Bulletin of Earthquake Resistant Structure Research Center, No.43, pp.133-144, March 2010.
